## Skill Set

## Tools

Well versed in Adobe Creative  
Cloud research tools and  
prototyping softwares.

Experience in a variety of  
prototyping software, as well  
as HTML and CSS.

Designing experiences,  
services, products, and IA.

## Personal Summary

I am recent graduate from the University of North Texas, with a BFA in Communication Design and a focus in User Experience Design. I enjoy working with a variety of mediums and on many different types of projects. Some of my goals for the future include working and collaborating with other people from all types of backgrounds. I want to create meaningful designs that impact society in a positive way.

## Experience

### UX Internship- Range US 2020 - Present

Following the UX process to design think, lead meetings, research, testing, producing and presenting wire-frames, prototypes, and mock-ups for clients.

### Website Design- [smilinrickstattoos.com](http://smilinrickstattoos.com) 2017 - Present

Web design and development for a local tattoo shop. This is a long term commitment, and the website has improved over time.

### TAMS- Stethoscope Magazine 2019

Creative Director, in charge of cohesion of design decisions, and was co-leader of group meetings.

## Extracurriculars

### AIGA- Board Member 2020 - Present

(American Institute of Graphic Arts) As secretary of the UNT chapter, in charge of maintaining groups records, including agendas, and summaries of activities.

### UXSA- Club Member 2018 - 2019
